KEN FORD 

Company Profile

Kenford is the leading brand in the food grade polycarbonate products' industry, useful in the world of hospitality and food service. Under the flag of MP Enterprises; Kenford stormed into limelight in the year 2009. An ISO-9001 and FDA-USA approved company, it makes lightweight and high performance food grade polycarbonate products.

Proudly made in India; Kenford complies with the international standards and quality in its products. Our product range includes Cafeteria Trays, Glasses, Bowls, Tableware, Compartment & Display items and other exclusive products which are fabricated by experienced and expert personnel as per the latest international quality standards. These are known for their compact design, robust nature and high utilitarian value.

All the products are food grade, unbreakable, stain proof and microwave safe; a rare compilation of features in one product. Kenford provides you three core services through its products; Range, Quality and Value.

At Kenford we always strive towards excellence and are committed to deliver best products at reasonable prices, so as to achieve maximum customer satisfaction. It is our vision to design cost effective products with unmatched quality. We work hard to create a long term relationship with our customers and strive for their trust in our services.
