Exhibits True Passion In Steel

FOUNDER DIRECTOR'S MESSAGE

Greetings to our associates & members of the Hospitality Industry!

It has indeed been a long journey since 1963 when I started the company with just a little by my side. We started small by beginning only with the manufacture of S.S cutlery and today we are a on-stopshop for various products like – S.S tableware, chafing dishes, S.S trolleys, tables, buffet collection, barware, electrical products and even corporate gifting range.

Our aim at VENUS since the very beginning has been to provide quality products accompanied with great service. After having come so far we still strive each day to innovate and indulge in providing our clients the best of products and technology. We keep up with hospitality trends and are also all ears to feedback from our clients. We at VENUS INDUSTRIES keep working hard to offer customers the best of product experiences and take the name of VENUS to stunning heights.

Mr. J.K. Khurana

DIRECTOR'S MESSAGE

Greetings to Industry colleagues & our valued clients!

I want to begin with thanking all of you for your never-ending support & overwhelming response to our products every single year. VENUS is, for and by its clients & thereby ensures client satisfaction to the fullest.

Mr. Vicky Khurana

Ever since I've become a part of the company, I've ensured we are always innovating and evolving our products and presenting them to the Hospitality Industry. Be it the introduction of hydraulic chafing dishes or the launch of Rose gold finish in our products; the laser tableware products or the newly launched 'RAINBOW COLLECTION', I, along with my team have ensured that we are the first ones to bring anything new to the Industry.

Our several awards and accolades are a result of a strong base provided by my father, Mr. J.K Khurana and continuous hard work & resilience on part of the team to put in their best efforts. We at VENUS look forward to serve you and add the best of products to your dining experience.
